Dear Mr. Dahlgren:

This is in response to your letter received February 8, 2018, requesting alteration of the Maximum Allowable Emission Rates Table (MAERT) of the above-referenced permit. We understand that this alteration request was to replace the current Sand Application Baghouse with a new, more efficient baghouse; and to relocate the baghouse stack to a new location further away from the nearest property line.

In accordance with Title 30 Texas Administrative Code §116.116(c) and based on our review, Permit Number 7711A is altered. Enclosed are the new general conditions (permit face) and altered MAERT. Please attach these to your permit.

You are reminded that these facilities must be in compliance with all rules and regulations of the Texas Commission on Environmental Quality (TCEQ) and of the U.S. Environmental Protection Agency at all times.

If you need further information or have any questions, please contact Mr. Steven Stump at (512) 239-6107 or write to the Texas Commission on Environmental Quality, Office of Air, Air Permits Division, MC-163, P.O. Box 13087, Austin, Texas 78711-3087.

This action is taken under authority delegated by the Executive Director of TCEQ.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael R. Shaw".
